LEARN A NEW LANGUAGE

Clonmel Tuition Academy

Language and culture are intimately linked. By learning another language you will be exposed to another culture outside of your own and the best way you can enrich that experience is by learning to speak their language. Studies have also shown that, no matter how old you are, speaking a second language daily really can boost cognitive development and improve your memory! It also aids longer attention spans and reduces the risk of age-related cognitive decline.

At Clonmel Tuition Academy we are currently offering language classes for Adult beginners in the following language categories:
German/French/Spanish/Polish
