

WHY SHOULD CHILDREN LEARN A SECOND LANGUAGE?

- ✓ Children have a natural ability to easily learn a foreign language.
- ✓ Research shows that children who learn a second language have a higher rate of success in their education and their subsequent adult careers.
- ✓ Speaking a second language provides students that competitive edge they will need for future school/college admission and job complement in our emerging global economy.
- ✓ French is an official language in 29 countries and is the fourth-most widely spoken mother tongue in the European Union.
- ✓ Spanish is already the second international business language and the third most used language on the internet. The importance of Spanish around the world will only continue to grow.
- ✓ Polish is one of the official languages of the European Union. The Polish community in the Republic of Ireland is numbered at approximately 122,515
- ✓ Polish can now be taken as part of the Irish Leaving Certificate examination

LANGUAGE CLASSES FOR KIDS

Clonmel Tuition Academy language classes for children are designed to feel natural and engaging to a child's imagination. CTA employs an interactive teaching method which encourages your child to immerse themselves in the target language learning process, right away. By utilizing games and engaging in role-plays, your child is encouraged to speak and express themselves in the target language in a fun and meaningful way. Recent studies have shown that children prefer to watch animations over real-life footage and that small children have a tendency to believe that all objects are alive which is why the classes incorporate play and storytelling into the language learning process through videos and songs; this method encourages your child to start speaking the language and therefore presents your child with the tools to begin their journey to understanding a new language.

At CTA we try to boost your child's confidence in the target language with each lesson. Imagination and repetition captures a child's interest in learning and development. By simplifying the lessons and creating a fun learning environment, your child will soon begin the organic process of learning, which will allow them to speak, understand, and identify with the new language, quickly and naturally. CTA is currently offering classes for kids (Beginners Level 1) in the following languages:

German

French

Spanish

Polish
